Mr. Keith Forman
Interim BRAC Environmental Coordinator
Naval Training Center-Environmental Office
33502 Decatur Road, Suite 120
San Diego, California 92133-5000

Dear Mr. Forman:

**DRAFT WORKPLAN FOR PHASE I SITE ASSESSMENT AT THE STEAM TUNNELS
(POI 38), NAVAL TRAINING CENTER, SAN DIEGO, CALIFORNIA**

The Department of Toxic Substances Control (DTSC) and the Regional Water Quality Control Board, San Diego (RWQCB), have completed its review of the draft workplan for the steam tunnels, point of interest (POI) 38, at the Naval Training Center, San Diego (NTC). The document was received on March 26, 1996.

Following several phone conferences between DTSC, RWQCB, and the Navy, comments to the workplan were discussed and resolved. Verbal concurrence on the workplan was given from DTSC and RWQCB on April 18, 1996 and the Navy anticipated fieldwork to commence on April 22, 1996. Following review of phase I fieldwork data, a phase II site assessment may or may not be necessary.

We look forward to receipt of the final workplan for the phase I Site Assessment for the steam tunnels. If you should have any questions on this matter, please call me at 310-590-5563.

Sincerely,

Alice Gimeno
